

Department Profile:

- Established in 2006, the Department of Chemical Engineering of the National Institute of Technology Calicut offers following programmes
 - UNDER GRADUATION B. Tech. in Chemical Engineering
 - POST GRADUATION M. Tech. in Chemical Engineering
 - DOCTORAL PROGRAMME (Ph. D.) Chemical Engineering and allied disciplines
- The department is recognized primarily for its continual improvement in academic output, and involved in a wide spectrum of active interdisciplinary research with dynamic faculty, motivated students, efficient technical and supporting staff with excellent state of the art laboratories.

DEPARTMENT OF CHEMICAL ENGINEERING

Universal Testing Machine (UTM), SHIMADZU AG-X plus 10kN

The Year of Purchase : 2015

• Gas Chromatograph (GC) SHIMADZU GC-2010 Plus

The Year of Purchase : 2014

• UV/VIS spectrometer PerkinElmer-Lamda 650

The Year of Purchase : 2014

Cost of equipment : USD 25000

- Fourier Transform Infrared Spectrometer (FTIR) Agilent Technologies- Carry 630
 - Year of Purchase : 2015
 - Cost of equipment : USD 15032

 High Pressure Liquid Chromatograph (HPLC) SHIMADZU Prominence-i, LC2030

Year of Purchase : 2017

Electrochemical workstation, CH Instruments- CHI400C

The Year of Purchase : 2015 Cost of equipment : USD 27760

Electrochemical workstation, CH Instruments- CHI760E

The Year of Purchase : 2017

Cost of equipment : USD 15200

Brunnauer Emmett Teller (BET), MicrotracBEL, Belsorp-max

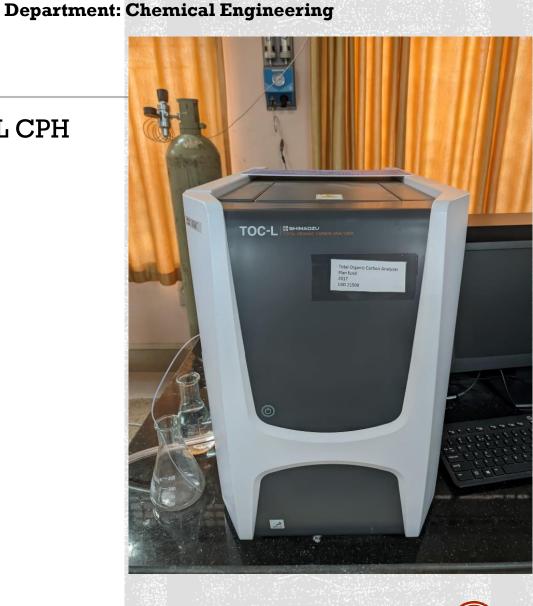

The Year of Purchase : 2017

• TOC (Total Organic Carbon Analyser) SHIMADZU TOC-L CPH

The Year of Purchase : 2017

• TGA (Thermo gravimetric Analysis), HITACHI-STA7200

The Year of Purchase : 2016

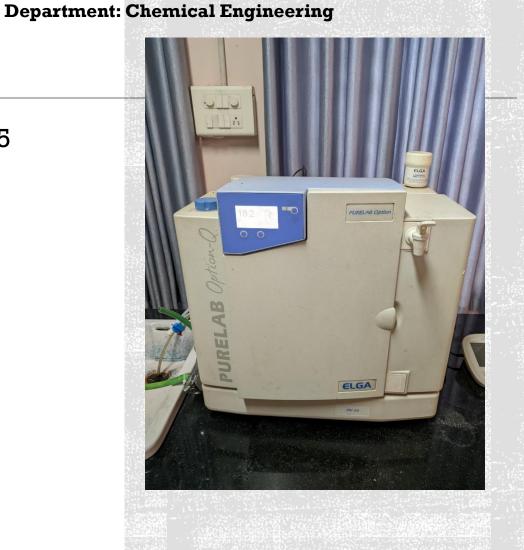

Cost of equipment : JPY 2218000

• Millipore Distillation Unit ELGA PureLab Option-Q DV25

Year of Purchase : 2017

• IC (Ion Chromatograph), Metrohm 883 Basic IC plus

Year of Purchase : 2017

• Microwave Synthesizer, Anton Paar- Monoware 200

Year of Purchase : 2017 Cost of equipment : Rs 226000

• Rheometer, Anton Paar- MCR 72

Year of Purchase : 2018

Cost of equipment : EUR 15672.18

Zeta Potential Analyzer, Microtrac

Year of Purchase : 2019

Instrumentation Lab

Sophisticated instruments for measuring/characterizing the material properties that can be used for the research related experimental projects

- Conference hall-room details
 - Capacity: 20
 - LCD Projector
 - White board

- Seminar room details
 - Capacity: 90
 - LCD Projector
 - White board
