**The major responsibilities of the IRCC members are (but are not limited to),**

- Provide mentoring to the needy faculty members for the preparation of the research proposals and the implementation of the sanctioned projects. Mentoring support needs to be provided only upon the request from the faculty member.
- Be a member of the FRG evaluation panel, as per the nomination from the Dean (R&C).
- Be a member of the interview panel for the selection of manpower sanctioned in the sponsored projects, as per the nomination from the Dean (R&C).
- The Dean (R&C) office will intimate the IRCC member about the inactive projects or any other relevant matters pertaining to the completed projects from the concerned department. In such cases, the IRCC member will be a member in the committee to monitor such projects.
- Coordinate with the department to implement the suggestions from the RAB members regarding the enhancement of the research activities in the department.
- Actively participate in the activities of R&C team, such as workshops and other events.
- IRCC member will be the point of contact for any matters related to R&C activities.
